## Our Remediation Process

1

### Upload

Allow users to upload files directly to their account or add links for transfer from third-party services.

2

### Expert Review

Combine automated tools with expert reviewers for a thorough analysis of every document, checking for potential errors, alt-text, color contrast, and more.

3

### Payment & Begin

Users can review their personalized quote and make a secure online payment. Once confirmed, our accessibility experts begin fixing errors and remediating your documents.

4

### Project Delivery

Remediated documents are uploaded to the user's account for download from the project dashboard.

## Industries We Serve

### Publishing

Create new Revenue Streams by making all content Accessible, augmenting SEO.
